1. initial appt
2. 1mo follow up
3. 6mo follow up
4. 1 year follow up

**\*Individual areas require 1-3 sessions**

**Full facial balancing appointments are recommended for most natural and longest lasting results**

***This is an investment: approx 8-16k over 4 sessions ( over 1 year)***

Spot treatment of individual areas is not ideal as this does not give the most natural results
